

BANDJES BEHOREND BIJ GEINTEGREERDE STOEL

geschikt voor 3 punts modellen

MOUNTINGSTRAPS FOR INTEGRATED SEATS

combined with 3-point models

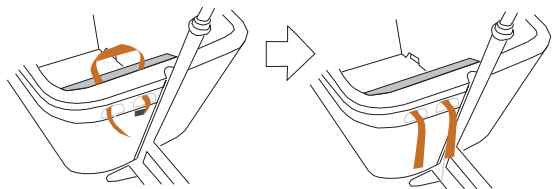

Do you own a cargobike with a two horizontal openings **in the backrest** or **at the back** of your cargobike?

Do you own or have you selected a MELIA 3 point seat with mountingset already on the MELIA seat? (integrated model)

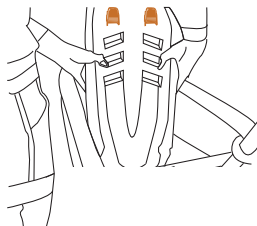

guide strap

Remove your cargo bike belts if there's not enough space for the strap. Feed the strap from the inside to the outside.

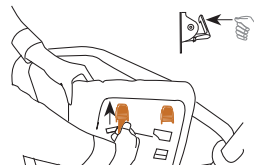

Verwijder de bakfiets gordels als er niet genoeg ruimte is voor het meegeleverde bandje.

place the seat

Place your MELIA integrated seat on the cargobike bench.

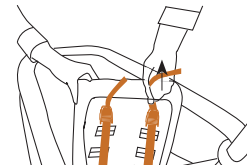

Plaats uw MELIA stoel met geïntegreerde metalen gesp op het bankje.

fix strap

Push the strap through the metal buckle of your MELIA seat.

Duw het bandje door de metalen gesp die vastzit aan uw MELIA stoel.

pull strap

Pull firmly. The seat will now move backwards. To release use both hands.

Trek het bandje goed aan! Uw stoel schuift nu tegen de achterkant aan. Om het bandje los te maken gebruikt u beide handen.
